The Macallan House Singapore showcases the distillery's deep, inherent appreciation for innovation and exquisite craftsmanship

04 October, 2023

Explore The Macallan House Singapore through meticulously designed immersive spaces, each promising a harmonious fusion of sensory encounters to highlight The Macallan's relationship with nature

Following the debut of The Macallan Experience in October 2020, it was only a matter of time before we saw Raffles Hotel Singapore welcome the world's first single malt Scotch whisky with its own official turf. From an exclusive immersive exhibition to 279sqm of retail space that showcases the best of art, nature and whisky craftsmanship, The Macallan House Singapore delivers nothing short of a multisensory journey.

Copper walls represent The Macallan's small stills. Photo by The Macallan

Designed by acclaimed architect Jamie Fobert, who is known for his work on the historic Fondaco del Tedeschi in Venice, the space expresses the brand's essence through contemporary interiors. Signs and panels are treated with the four distinct microclimates of the Macallan Estate in Scotland: the barley field, the River Spey, the woodland and Easter Elchies House.

The design codes also pay tribute to the brand's foundational elements, such as the copper walls representing The Macallan's small stills; Albaniza Stone celebrating the fertile soil from Jerez la Frontera, Spain, which is well-known for its sherry vineyards; and walled walls resembling the River Spey, which inspired the distinctive distillery roof. The most tell-tale sign of all would naturally be the oak flooring—a homage to the sherry-seasoned oak casks that are indispensable to whisky making.

Rimowa celebrates 125 years of superlative travel with Seit 1898, an inspired and insightful exhibition that is appropriately globetrotting

02 October, 2023

Seit 1898 debuted in Tokyo in June. It will move on to Shanghai in December, before arriving in Cologne in spring 2024, the birthplace of the company, for a fitting finale

The exterior of Seit 1898 in Tokyo features the kind of stickers one would find on Rimowa luggage. Photo by Rimowa

You cannot miss them: Rimowa's grooved beauties that are wheeled across airport lounges, airborne for thousands upon thousands of miles, before arriving just as impeccably as they departed.

The Rimowa luggage, recognised by its iconic grooves that recall the fuselage of early aircraft, has become ubiquitous now. It is as much a universal symbol of luxury travel for celebrities and the jet-set as it is a safe and reliable companion for intrepid adventurers. And, like any iconic creation, the rise of Rimowa is rich with the histories and stories of people and places that contribute to its legacy.

Rimowa, which celebrates its 125th anniversary this year, is retracing its incredible history with a three-stop travelling exhibition. Called Seit 1898, the commemorative showcase debuted in Tokyo in June. It's made its way to New York this month, and will move on to Shanghai in December, before arriving in Cologne in spring 2024, the birthplace of the company, for a fitting finale.
